

FOR SALE

CONDO

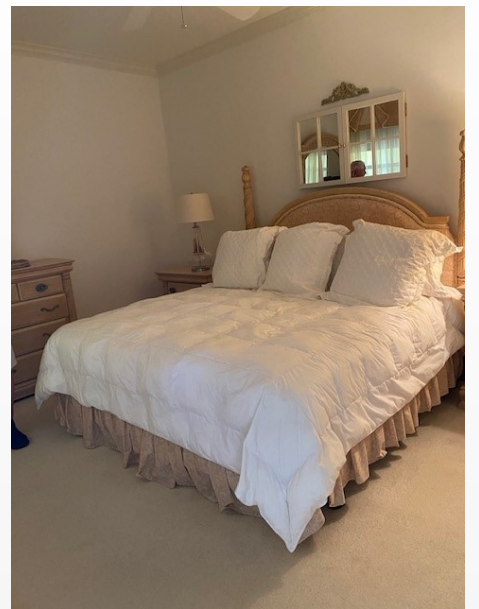

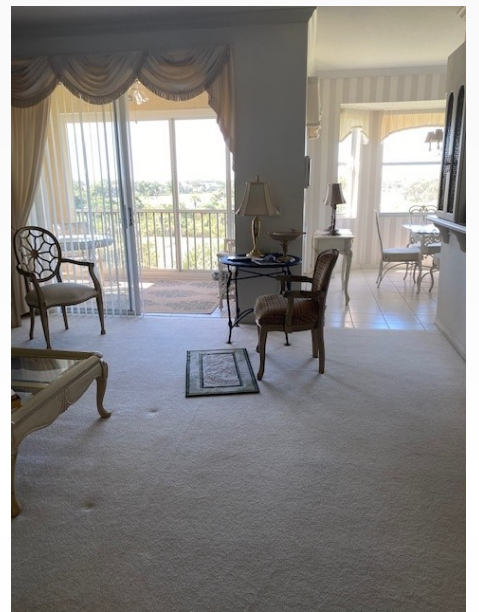

9450 HIGHLAND WOODS BLVD. #6402

This condo is a “diamond in the rough”. It’s completely furnished and has one of the very best views in Highland Woods. It’s on the top floor of the yellow building and offers views as far away as the Bonita Bay high rises on the Gulf.

The most expensive upgrade is the glassed-in lanai with doors that also open up to the outside. It stays clean all year long for year around enjoyment or instant cleanliness when you return to your winter home. It’s like being in a tree house! The condo also has a two year old air conditioner and has only been lived in for two months of each year for the past ten years.

You’ll be surprised when you see the additional storage cabinets that are built on the kitchen counter. All glass ware can be stored there.

The condo is being sold “as is” and is offered for sale by the owner, Sam Cannell. You can reach him at 330-651-6428.
